SWEET CUBAN MEMORIES

This Thursday, Miami Dade College's Museum of Art + Design will present "Childhood Memories From the Other Side of the Water," a visual autobiography depicting childhood experiences and recollections of Cuba by artist Eduardo del Valle. The collection will feature a series of photographs never before exhibited.

Over the past nine years, del Valle has worked on a visual autobiography of experiences and observations associated with his childhood, specifically recollections of Cuba from 1951 to 1961, when he lived in the country before leaving at the age of 10. The project features 88 photographs in which he re-created memories and shot them entirely outside the island. The project is also accompanied by a fully illustrated 126-page catalog that will be available for purchase in 2016.

The director's preview and artist talk will take place from 6 to 8 p. m. at the Freedom Tower (600 Biscayne Blvd., Miami), inside the Cuban Cultural Diaspora Gallery. Admission is free. The exhibit will be on view through August 28, 2016. Call 305-237-7700 or visit mdcmoad.org. JUAN BARQUIN
